

## **Tony Maxted**

Formerly Head of Compliance for the UK's Export Control Organisation and with substantial experience of export controls (military & dual use) across the board, Tony Maxted now operates as an Independent Adviser. The services available through his company Export Control Solutions include:

- Analysis of impact of controls – at operational & strategic levels
- Identification of controlled goods, technology and activities
- Licence selection & application – including wide range of readily available Open General Licences (OGLs) & obtaining Open Individual Licences (OILs)
- Internal processes and procedures
- Senior management briefing and staff training
- Preparing for compliance visits
- Handling problems and voluntary disclosures
- On-going support and provision of a helpline
