Edward Bell

Head of Export Control Organisation

26 November 2015

Delivering a rigorous, efficient and customer-focused export control system

- **Operations:** Deliver an efficient and rigorous export control service (as measured by agreed targets and improved customer feedback).
- **Policy:** Ensure clear development and communication of export control policy that promotes global security and aligns with HMG priorities.
- **Reform:** Develop the export control regime to enhance its effectiveness, including through workable proposals to introduce charging and an expansion of open licensing.
- **Business awareness/compliance:** Raise awareness of export controls among businesses to help them manage risk and improve compliance.
